Squash

All children have started squash sessions with a squash coach. They are learning how to play the game along with new skills. The Sessions will run until the Ester holidays.

We Love Maths

This week please complete
Activity 3 and return the signed
book to school on **Tuesday 19th**
March, 2019

Comic Relief 2019

A huge thank-you
to everyone who
has donated to
Comic Relief to-
day. We will let
you know the total
raised next week.

Attendance this week

Barn Owl 98.99%

Oak 95.14%

Tawny Owl 95.5%

Acorn 100%

Owlets 98.2%

Well done Acorns!

Volleyball

Two teams from across the
federation went to Lynnsport
to take part in the volleyball
festival. They played against
other schools from West Nor-
folk and had a very active and
fun time. Photos are on the
website. Well done to all the
children.

Sleepover

**Ten Mile Bank children
are getting ready for to-
night's sleepover, pho-
tos to follow next week.**

Hilgay's turn next Friday

P.E Kits

All children must have their
full kit in school at all
times.

Science Week

This week we have celebrated British Science Week, by doing activities related to this year's theme *Journey*. Celebrating 25 years since the inauguration of the Channel tunnel, we have built tunnels out of salt dough and learnt they are a lot harder to build than they seem. We have made paper helicopters too and wondered how real helicopters and planes manage to lift up and fly in spite of them being so heavy. We have also discovered the force of magnets in connection with electric cars, which make our journey more environmentally friendly. On Thursday, the strong wind has made us postpone our rocket launching experiment, with which we were supposed to celebrate the 50th anniversary of man landing on the Moon. As our last experiment, on Friday, the older children built da Vinci bridges and the younger ones did a gooey liquid race. The children across all classes have been focussing on Science in their learning: growing plants, dissecting flowers and building sand tunnels. We had lots of fun and hopefully, some of our children will once become great scientists, discovering the many wonders of our universe.
